In the event that exposure occurs, I understand the need for testing for these diseases and I agree to such testing of myself to promote the health and welfare of the healthcare worker. I understand that this consent will be valid and will remain in effect as long as I attend the clinic. Please see below for potential risks and side effects.

Protecting Your Health Information

New Regulation Passed

This new regulation is part of the Health Insurance Portability and Accountability Act or HIPPA and does three primary things:

1. It helps standardize and simplify the way healthcare organizations exchange health care data.
2. It provides consumers with additional protections for getting and maintaining health insurance coverage although, it does not guarantee coverage.
3. It creates new security rules to ensure the safety and privacy of individuals and medical records.

Our Pledge Regarding Medical Information

The privacy of your medical information is important to us. We understand that your medical information is personal and we are committed to protecting it. We create a record of the care and services you receive at our office. We need the record to provide you with quality care and to comply with certain legal requirements. In addition, we have a policy in effect that makes every attempt to maintain the confidentiality of all patients' information.

Disclosure of Medical Information

In addition to disclosing your medical information for treatment, payment and health care operations, we may disclose medical information for the following purposes: for a court order, subpoena, discovery request or other lawful process. We may disclose medical information to appropriate authorities if we reasonably believe that you are the victim of abuse, neglect, or domestic violence or the possible victim of other crimes. We may disclose health information when authorized and necessary to comply with laws relating to worker's compensation, auto accidents, personal injury or similar issues.

If someone calls or comes by, they will not be given any information about your care and/or appointments unless otherwise specified and noted in your file.

We will also be publicly noting your name in our newsletter and/or picture in our lobby unless otherwise specified. Upon becoming a patient, we will be entering your name and email into our database and you may receive our monthly newsletter. If you do not wish to receive our newsletters, please contact our office and advise the receptionist of such. This list will not be sold to any outside agencies.

Your Rights

You have the right to look at or get copies of your medical records and to receive a list of all the times we shared your medical information for purposes other than treatment, payment and health care operations.

Open Adjusting Concept

Because of the open adjusting concept in this office, it is possible for doctor/patient discussions to be overheard by other patients. Most discussions will involve spinal health, but may include anything concerning the primary health care of that patient.

Notification by Mail or Phone

Patients may be contacted by mail, email, or phone unless written notification is requested that contact be only in person.

Complaints

If you feel that your rights have been violated, contact the Office Manager or the U.S. Department of Health and Human Services.
